

Thank you Robert, and thank you for your contribution.

You're being in our life at the right time and place made a huge difference in the direction of wellness with Harmony.

The Rolfing was a gift to our whole family and seeing Harmony walk for the first time sooner than we had anticipated was a miracle.

The scope of what we learned at the Institutes in Philadelphia, PA, altered our thought process with respect to what's truly possible for our daughter and all kiddos with special needs, and all kiddos who have no special needs.

We were able to responsibly diagnose her and understand what we do to develop her brain, and development thru these teachings. The Brill Kids is an amazing program and brilliant.

You make a profound difference for children and what is possible for their futures beyond the normal predictions of what Western medicine/teaching say.
